

GONE TO THE WALL

Another Protective Society Succumbs to Ill Luck.

ORDER OF ALLIANCE BROKEN

About One-Half Hundred Members in This City--The Loss Not a Total One.

Another mutual benefit insurance concern has gone down. The Order of Alliance, of which General Hawley of Chicago is the head, has gone the way of the Iron Hall order. The society was organized in 1893 and grew rapidly until the Iron Hall went down. The fate of that order had a depressing effect on the society, which was run on almost the same basis as the Iron Hall. It reached a membership of 5,000 or 6,000 in the United States before the check came. For a year past it has dropped off, and General Hawley could see there was no hope to pull it through, so he wrote all subordinate officers to close up the affairs of the order. He states that they will be able to pay about 75 cents on the dollar of all assessments paid in, so that the loss to policy holders will not be heavy. The assessments amounted to \$2.50 per month on \$1,000 of insurance. There were about fifty members of the order in this city, the lodge having been organized about a year ago.

City News in Brief.

Deputy Sheriff Stevens of Lenawee county left Friday night at the jail last night. She escaped from the industrial school at Adrian last Saturday, and the officers found her yesterday at Perryburg. She was sent to the school from Grand Haven. Mr. Stevens is uncle to Police Court Clerk Stevens.

The contract for erecting the new union depot at Muskegon will be awarded this afternoon at Architect Bush's office. Bids were sent in by several contractors from outside the city, but it is quite probable that the contract will be given to one of the Grand Rapids bidders.

Ex-Chaplain Gibson points with pride to an official document hanging in his office, room 22, old Houseman block, bearing the autograph of Governor Rich. This document permits him to swear folks without breaking one of the commandments. He is now a notary public.

The board of police and fire commissioners will hold a special session next week to decide on the amount of money that should be raised to maintain the department for the next year.

Ex-Under Sheriff W. P. Walsh, who went to Chicago about a month ago to accept a position in the "secret detective service" under Chief Bonfield, has been promoted to a captain.

Isaac DeVries, a laborer on the Road block, was severely injured about the head yesterday. A rope broke and the crank of a derrick struck him on the right side of the head.

There will be a five minute street car service to Road's lake after this week. The Taylor street cars will no longer stop at East street, but will continue the run.

Henry Ikema and James M. Barnett have sold the lot on the northeast corner of Island and south Ionia street to William Alden Smith for \$15,500.

Sproul & McQuinn have secured the heating and plumbing contract for the Bay City court house, and have put a force of men at work on the job.

A gang of men are strengthening the banks of the west side canal, which have become weakened by the continued high water.

The committee on licenses will hold a session tonight, and the anxious saloon men will probably be present.

West Leonard street cars will run no further than North street until the sewer in Broadway is completed.

The supervisor of Alpine avenue has reported twenty births and ten deaths for 1905.

A tennis court will be prepared at John Hall park.

Work has begun on the casino of the Country club.

Personal Mention.

E. A. Re Van Dugteren, of Van Dugteren & Kaiguel, will go to Kalamazoo today to open a new system of books recently submitted to the management of the Kalamazoo asylum by Messrs. Van Dugteren & Kaiguel.

Geo. W. P. Innes, Col. J. C. Herkner, H. N. Moore, George F. Buss, L. D. Harris and other Knights Templar have returned from the Bay City convention.

The Hon. and Mrs. Crawford Angell returned last evening from a three-weeks' visit in the east. They report having a very pleasant trip.

Dr. and Mrs. E. B. Van Norman of San Diego, California, are the guests of Col. and Mrs. J. N. Murray.

J. B. P. Hughtart, general manager of the G. R. & L. road, is in Mackinac on business.

A. F. Hunter and daughter, Miss Annie, of Lowell, were in the city yesterday.

Harry Dean arrived home from Saginaw yesterday.

D. A. Blodgett left yesterday for New York.

Society Notes.

The final meeting of the G. A. R. committee before Decoration day will be held next Tuesday evening in Capt. E. A. Duggan's office, to complete the arrangements for memorial services.

A signal from Company B will go out on South Division street for a few minutes beyond the city limits early Sunday morning for target practice.

The annual meeting of the Peninsular Building and Loan association will be held June 3, in the office in the Michigan Trust building.

The Rev. Mr. Stiles of Jackson will preach at both the morning and evening services in the South congregational church tomorrow.

The Pythian sisters gave a picnic party at No. 335 South Division street last evening.

The boys' senior model contest will take place in the Y. M. C. A. Tuesday night.

Peninsular chapter, order of Eastern Star, now has a membership of 345.

Church Notes.

The Christian Endeavour society of the South congregational church will celebrate its anniversary Sunday evening. The Rev. William Curtis Stiles of Jackson will deliver the address.

The congregation of Beth Israel will hold the feast of weeks in Hibernian hall Sunday and Monday. Services will be conducted by the Rev. A. Wohlman.

had Sunday and Monday. Services will be conducted by the Rev. A. Wohlman.

Mission Entertainment.

Last night Waterloo street mission was the scene of a happy, light-hearted throng of little children who gathered by invitation of Superintendent Hirst and the mission pastor, the Rev. T. A. McMillen. There were about 125 children and twenty-five adults living in the vicinity of the mission present, and the evening was considered with as much interest and enthusiasm as if it had been a holiday. Through the generosity of Christ the little fellows were regaled with lemonade, sandwiches, cakes and doughnuts. M. H. Wallace and Charles Frost addressed the crowd upon the subjects pertaining to true, honorable manhood and womanhood and the necessity of growing up to be good men and women.

Single Tax Organization.

The organization of the Single Tax club has been completed and officers elected as follows: President, Henry J. Hartman; first vice president, William M. Hathaway; second vice president, Joseph Simmons; secretary and treasurer, Walter F. Falke; corresponding secretary, A. Falke. The club at its last meeting adopted a set of resolutions embodying the principles and objects of the organization, of which the following is the preamble: "We hold that our present system of taxation is a bundle of absurdities, burdensome on industry and offering premium on idleness, and that thorough reforms in the present system are imperative." The remedy proposed for this condition of things is single tax.

Visited Lake Avenue.

The special committee of the common council on Lake avenue improvement roll, visited the street yesterday and dug into the street to see if the required depth of gravel had been placed on the street. They found twelve inches of gravel in most places, and not less than eleven inches at any place. The property owners object to the road gravel, which is placed on the bottom of the street. They claim it is nothing but sand. The committee will probably report that the street is built according to contract.

Won One and Lost One.

The Grand Rapids Young Men's Christian association basketball team was nicely whipped by Muskegon, by a score of 7 to 3. The Muskegon team brought about sixty friends with them to add in giving three cheers in the event of victory.

In the base ball game between Grand Rapids and Kalamazoo, Grand Rapids won by a score of 7 to 3. A large crowd witnessed the game, and at the close a reception was held and lemonade and wafers were served.

Will Try the Insane Dodge.

Timothy Phillips filed a petition in probate court yesterday to have Martinus Van Zaltbommel examined as to his sanity. Van Zaltbommel is the man arrested a few days ago for a nameless crime and Phillips is his son-in-law. Van Zaltbommel has shown no signs of insanity in the court room at the time he was arraigned, and those who have known him for a long time say they do not believe that he is insane. He will be examined today.

Badly Mired.

A small canine of the Scotch terrier species got badly mired with the wheels of a street car on Canal street, near Lyon, yesterday afternoon, but managed to wiggle out with three whole legs and a badly bruised head. He had while he filled the air with pitiful ki's as he scrambled across the street and laid down. The usual crowd gathered about the suffering brute, in sympathy with his sufferings.

High School Athletics.

The High School Athletic club field day exercises postponed from last Saturday will be held today at the West Michigan fair grounds. The program will commence at 9 a. m. sharp and will be as announced last week. It is expected that the foot ball game will be especially interesting. A strong effort will be made to lower previous records in the standard events.

Will Run Ten Hours.

The Harrison wagon works, which reduced the hours of work from ten to eight a few days ago through lack of cash paying orders, started yesterday to run ten hours, having received an order for five carloads of wagons, as soon as they can be gotten out and shipped. Too many bank failures throughout the west have made the firm very cautious in shipping orders.

Richardson Will Be a Forester.

Next Thursday evening the Hon. George F. Richardson will be initiated into the Order of Foresters by Court Kent No. 431. The goat is being specially groomed and fed for the occasion. High Chief Ranger Frank Melie of Fort Huron will be present and the work will be done in Shanahan's hall, on Plainfield avenue. A banquet will be served.

But Few Heard Him.

Prof. Taylor of the university lectured to about thirty persons in Y. M. C. A. lecture hall last night on the silver situation in the United States. He divided his subject into three heads: Facts of the matter, evils of the situation, and the remedies to be applied. He favored the repeal of the act of 1870 and an extension of the national banking system.

Were Valuable Donations.

At the regular meeting of the Kent Scientific institute last night, C. R. Sligh presented a copy of "The Budget of Science," the official paper of the society in 1905. The institute was then known as the Grand Rapids Society of Science.

The Cook Not to Blame

Many nice delicacies are often spoiled by the abominable flavorings used in them, and generally their having been spoiled is attributed to the cook. Now if

are used, cooks will not be unjustly blamed; nice dishes will not be spoiled, as they always impart the delicate fresh-fruit flavor in whatever they are used. It is economy for the poorest to use the best.

Mutual History. The paper was not printed, but was in manuscript form, and but one copy was issued at a time. It was passed from member to member to read. W. D. Folger made the society a present of the manuscript books found two years ago in Byron township. S. L. King, A. Wesselman and Dr. Peterson were elected members. Matters of business and a brief scientific discussion completed the business of the session.

Our Peach Crop. An experienced peach grower who owns a peach orchard near this city predicts an abundant crop of peaches this fall. He says he has never known failure in the crop of fruit, peaches in particular, when the weather has been cold all winter and steadily cool during the month of April up to the middle of May. He holds that the cold weather has retarded the growth of buds and early blossoming until the weather has gradually grown warmer, and predicts warm growing weather, with no frosts, and consequently the peaches when set will remain on the tree and grow thrifflily.

What is the Thistle? Ah! That is the question hard to answer. You can see it almost any warm day out on the country road. (One need not go so far now though, because the Heyman company have them in full bloom in their display window. Do not fail to see them.)

The event of the season will be the opening of Sweden's new pavilion on Sunday. Warburg's orchestra afternoon and evening.

Relics of Antiquity. A fine collection of five hundred Turkish rugs now on exhibition and sale by H. K. Sammelman until the 27th of May, at Morse's dry goods store, 122-126 Monroe street.

The thistle is a flower that has many attractive features and yet some drawbacks. It is to be seen in full bloom at the Heyman company's.
